

# WANZ INDUSTRY AWARDS 2017

Entries close 28 April 2017

## Component Innovation Awards

This award is presented at the Gala Awards Dinner to a WANZ Component Supplier.

The criteria is that the innovation must have been first sold into the New Zealand Window Manufacturer market within the past two years of submitting the entry.

The innovation must have been conceived and designed in New Zealand.

To enter, simply provide photographs (and drawings etc. as may be appropriate) of the project together with an explanation of its merits.

If possible, please include a demonstration of the innovative component actually being used in a window system.

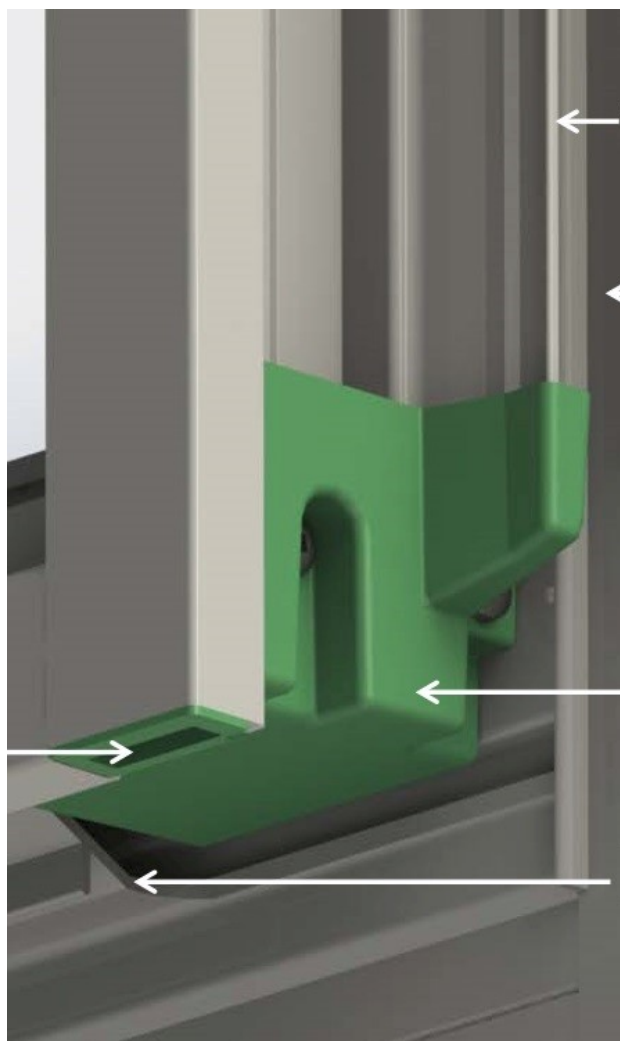

All entries must include written permission to use the photos in media promotion.

Please submit all entries electronically—by email (max 15mb per email) or on CD.

### Judging:

Each entry must explain the attributes of the innovative component, as the judging is based solely on what is presented and explained.

The judges will determine if there should be more than one award, depending on the range of entries submitted.
